Summary

Motivated and detail-oriented fresher with a B.Tech in Computer Science and a strong foundation in Cloud Computing, Networking, and Security. Skilled in Python, Microsoft Azure, and troubleshooting concepts. Eager to begin my professional career where I can apply my technical knowledge, learn from real-world challenges, and contribute effectively to organizational growth while continuously developing my skills.

Academic Experience

2021-2025

Cloud & Infrastructure

- Worked on Oracle Cloud Infrastructure and Microsoft Azure.
- Created virtual machines, networking resources, and storage services.
- Configured IAM users, policies, and basic security settings.
- Practiced monitoring and troubleshooting cloud resources.

System Troubleshooting

- Resolved system errors, missing DLL issues, and connectivity problems.
- Performed PC optimization, software configuration, and maintenance.

Networking Lab

- Configured IP addressing, subnetting, routing, and DNS.
- Diagnosed network issues and tested connectivity.

Technical Skills

Programming Languages: Shell Scripting, Python

DevOps Tools: Docker, Git

Clouds & Databases: AZURE, ORACLE

Monitoring And Observability: Azure Monitor, OCI Monitoring

Operating System: Linux, Windows

Academic Project

Cloud Infrastructure Deployment

2024 – 2025

- Created virtual machines, VCN, subnets, and storage resources.
- Configured IAM users, policies, and network security rules.
- Monitored resources and practiced cloud deployment concepts.

Azure Virtual Machine & Network Setup

2024 – 2025

- Deployed virtual machines on Microsoft Azure.
- Configured virtual network, NSG rules, and remote access.
- Practiced basic security and monitoring tools.

Education

Lovely Professional University, Jalandhar

2021 - 2025

B.Tech in Computer Science

Certifications

- [Microsoft Certified: Azure Security Engineer – Associate](#)
- [Oracle Cloud Infrastructure 2025 Certified DevOps – Professional](#)
